

SME Divisions present awards

Mining & Exploration Division Awards

M&E Division Distinguished Service Award to Shaun Graber

The Mining & Exploration Division (M&E) Distinguished Service Award is presented to Shaun Graber. The award recognizes M&E Division members who have significantly contributed to the workings of SME and the M&E Division and have an outstanding reputation for professionalism and accomplishments.

Graber is a project manager for Stantec and is on the mining team in Tempe, AZ. He is involved in all aspects of mining projects, including providing support and project management for engineering, procurement and studies. During his career, he has had hands-on experience with operations, multiple vertical shaft sinking and construction projects. He presently is involved with the management of international, large-scale, underground detail design projects, ensuring timeliness and quality performance for Stantec's clients.

Graber graduated from the University of Arizona in 1999 with a B.S. degree in mining engineering. He has been involved with SME as an author, session chair and program area manager. He received the Outstanding Young Professional Award in 2006. He has also served on the Outstanding Young Professional Award Committee, Outreach Strategic Committee, Student Member Affairs Committee, Council of Education & Accreditation, Rahn Award Committee, Young Leaders Committee and Internet Committee.

GRABER

Graber continues to support the division committees, mentor program, and local SME sections.
